Associate Editor,  
DENVER, N. M.

LOCAL.

TO DEMOCRATIC VOTERS, PRECINCT 11.

Look out for political tricks! Efforts are being made to trade votes. Instructions have been sent from Los Oros to Grant and Silver Counties to "trade for Fountain's benefit."

The record (Herald-Journal) shows that on last vote Fountain voted for Kiehl for school bill. On final vote he voted against it. He says in his recent Circular letter that he did so that he might move to reconsider this vote. He never moved any reconsideration. Failed or refused to carry out such purpose. At the last his vote stood recorded against Public schools. Don't be misled by the Fountain-Sullivan Circular.

Friends of Public Schools, vote for Santa, Burns and Fall.

J. N. Upton, Democratic candidate for County Commissioner, was in town Thursday.

The Ladies Social Circle will give an entertainment and supper the evening of Nov. 2nd.

Mr. Ashenfelter returned from the east with his family yesterday, and passed up to Silver City.

Messrs. Roberts & Young, the coming Sheriff and Clerk of Grant County, were "doing" Deming yesterday.

Mr. Bailey, General Manager of the Deming and Pacific Railway, returned a few days ago from Mexico.

Judge Warren, Solicitor General for the Deming & Pacific Railroad company, spent several days in town this week.

A large number of freight wagons passed through here this week, to haul mining freight from Wilcox to Globe, Arizona.

Reports from every direction, are most favorable to the success of the entire Democratic ticket—from the top down.

Ralph Hahner, the wide awake Insurance Agent and all round Democrat of Albuquerque, spend several days in town last week.

A number of the Republican Candidates on the County ticket have been in Deming during the week, looking after their losses.

A large number of Mormons were in town this week, trading and outfitting. Several were from Utah and Arizona, on their way to Diaz.

From 9 in the morning till five in the evening, here, the mercury ranges between 65 and 90 degrees, with light or no winds, and cloudless skies.

Republicans are proposing trades on county officers, but there are no trades in Democrats this year. The whole ticket, and nothing but that, will do.

Chicago and Colorado have a contract from McConna & Wright, to haul 600,000 pounds of mining machinery from Silver City to the Mogollons.

S. H. Bauer was in El Paso Wednesday. He found there considerable inquiry about mines and mining in the Cooke's and other localities in this vicinity.

The two fellows who robbed the passengers on Santa Fe sleeper near San Antonio a few days ago, were arrested here and taken up the road in custody on Wednesday.

Mr. Mary K. Behn, special agent for New Mexico of the Mutual Life Insurance Co. of New York, with Headquarters at Albuquerque, was in town Wednesday and Thursday.

Mrs. City, who has been absent several weeks on a visit to friends in Texas and Arkansas, returned on Monday. Miss Deia, who accompanied her, remains in town, Arkansas, for the present.

John W. Young, of Salt Lake City, Utah, tells Mr. Chapman that he will leave Salt Lake for Deming on the 3d of November. Mr. Young is an extensive and successful railroad contractor and builder.

J. W. Carter, and John R. Adair, Democratic candidates for Treasurer and Assessor, respectively, were in town on Thursday. They are engaged in looking after their fences, and find things in good condition.

The B. and B. Combination gave a very interesting select entertainment at the Opera House Wednesday evening. Grand Master of ceremonies Smith was a success—the music was delightful, and Hanch Chapman was all there.

Ed. S. Saxe brought out of Mexico, this week, 10,500 pounds of ore from the San Rafael mine, in the Montezuma District, about 75 miles south of Aspen. This is a purely silver ore, containing no lead, and runs about \$200 a ton.

Simply as an item of news, and without reference to politics—ten barrels of old Kentucky Democratic whiskey were purchased by Republican officials and sent out from Deming to the various Republican headquarters of the county yesterday.

Judge Burns passed down the road en route for Sierra County on Wednesday. He is from the north part of this county, where he has been making an active and successful canvass. The Judge is a candidate for the House of Representatives in Sierra, in this District, and reports the prospects of success very good for himself.

According to the new revision, by the Treasury Department, Mexican silver is now valued, for customs purposes, at 92 1/2 instead of 75 1/2, as formerly. This of course applies only to importations from Mexico into the United States. What the Mexican rule may be in regard to goods going from here into Mexico are not advised.

Mr. Northrup, the expert sent out by the English Syndicate to inspect the coming of the Deming & Pacific Railway, passed down as far as Guerrero during the past two weeks, making a careful examination of the country and the proposed route, and from there reported on his return to England early last week. He expressed himself much pleased with the country.

THE TICKET.

The following, from the Silver City Herald, have well said, and so appropriate and truthful, that we reproduce the article entire:

Gideon D. Baatz, nominee for the court, is one of the leading lawyers of New Mexico, an orator and Democrat born and bred. He is the lustre of honor and the glow of patriotism. He is the recognized leader of the party here, and will be given a free and unbounded support.

A. B. Fall, nominee for the Legislature, a brilliant member of the Dona Ana county bar who has ever been the champion and often the conqueror for the little Democratic host of that great Republican stronghold. Respected by all and supported by many, victory will certainly be his.

William Burns, nominee for the Legislature, is a prominent citizen and minor of Kingston. It is said of him that he loves his neighbor as himself. It is said of him, too, that he possesses good legislative ability and is a man around whom all factions can rally.

Oscar W. Roberts, nominee for sheriff, is an admirable man. He has not an enemy in the world. He is honorable, capable and diffident. The Sheriff confidently expects to see "Honest Oscar" elected by one of the largest majorities ever polled in Grant county.

The nominee for Probate Judge, A. J. Loomis, is a gentleman well fitted in every respect for the position. He is learned and responsible. No man can question his ability or belittle his zeal. This is one of the most important offices of record in the county and we owe it to ourselves and our children to put a capable man therein.

Ed. M. Young, nominee for Clerk, is one of the most popular men in Grant county to-day. He is our present postmaster and city real estate and insurance agent. Everyone knows him and likes him and will vote for him if they are true to themselves and to their neighbors.

For Assessor, the choice of John R. Adair is without a blemish. He is wise in years and expert in experience. He is a tax-payer and his home is here. He knows how the work of the Assessor's office should be done and he will do it promptly, justly and intelligently. Elect him.

J. W. Carter, as Treasurer, will give the people general satisfaction. It is a responsible office and J. W. Carter is a responsible man. He is entirely worthy of the confidence of all and when elected as he will surely be, our word for it no man will give his county a better or a safer financial administration.

Prof. G. W. Miles, as superintendent of schools, will be a fitting successor to W. H. Loomis, the best superintendent the county has ever had, and a gentleman whose wish it is that Prof. Miles become his successor in office. The Professor is a regular college graduate and a gentleman who has always taken deep and active interest in the education of the rising generation of Grant county.

Geo. H. Bloom, nominee for coroner, is one of the most industrious business men in Deming, and one who will raise this office to its proper plane. It is not an insignificant position as many allow themselves to believe, but a public trust requiring just such a man as George Bloom to hold and value.

As nominees for commissioners are men who have been tried and who have not been found wanting at times past. Judge Bennett is a pioneer resident of Silver City and one who never folds his arms. He has assisted at his birth and officiated at its christening, and no other man is more entitled to the good will of its people.

J. N. Upton is a far-seeing, practical man. He is thoroughly acquainted with the needs of the county as to new roads, bridges, etc., as well as to other things, and it is to the interest of stockmen and farmers to see that he is elected by a broad majority.

T. S. Robinson is a substantial grocery and provision dealer of Deming and his neighbors are greatly rejoiced at his nomination. He has been a true blue Democrat all his life, and deserves well at the hands of his party. Mr. Robinson is a gentleman of fine executive ability and is in all other respects eminently qualified for the important position to which the people call him.

An absurd story has been started in the last day or two, manifestly for the sole purpose of injuring Mr. Roberts in his candidacy for sheriff, that he has been instrumental in wronging a certain ranchman in the southwest part of the county. The facts of the case are that the ranchman occupied some mining land adjoining Mr. Head's range, on which was a water hole. This water right Mr. Head tried to buy, and made an offer for it, of what he considered it worth and was willing to pay. The offer to buy was made at Mr. Roberts' suggestion. This offer was rejected by the occupant, who then offered to sell at something more than double Mr. Head's offer. Mr. Head did not consider it worth that, and there the matter dropped. That was all there was of it. Mr. Roberts had nothing to do with it except to advise Mr. Head to buy. It was a trivial matter, since magnified into an election day canard and for a purely political purpose.

INSURANCE DISCRIMINATION.  
Insurance Commissioner Merrill is out in an open letter to President W. H. Beers, of the New York Life Insurance Company, pointing out what he calls unlawful actions of said company. He charges the company with having a misleading policy and making an unfair discrimination among insureds. The Commissioner says that recently there has come to the notice of his department a form of policy issued by this company called the "Ordinary Life Distribution Policy."

Careful examination of this policy, he says, shows it to be not only wholly inconsistent with the spirit of the statute, but contrary to its language, while its provisions render it unfair, misleading and enraging. If the issue of these policies is allowed to continue, not alone will the particular company which adopts it suffer in character and in the quality of its business, but all companies will be compelled to struggle feebly under an unjust competition or adopt similar schemes to the general demoralization and loss to the whole life insurance interests. [Herald-Journal Democrat.]

The following address to the voters of Grant county is by a prominent and reliable business man—one who has for many years been a resident of the county and thoroughly informed as to its history, condition and people.

To the Voters of Grant County.

It is admitted on all sides that the gentlemen nominated by the Democratic county and district conventions, are more representative than their Republican opponents. At the same time there are a few names on the Democratic ticket that are so superior to fill the offices for which they are nominated that I would like to call the fact to the attention of the voters.

Baatz for senator and Fall and Burns for the lower house of the legislative assembly, should not only be supported by Democratic voters, but by all who have the best interests of this territory at heart. They will not, like Fountain and Aucheta, be the tools of Cañon and Ryerson and the balance of the Santa Fe gang, but will try to pass laws to protect the people, whether rich or poor, merchants or laborers. They are of the people, their interests are identical with the interests of a large majority of the people.

They will not, like Fountain, introduce and lobby to pass laws for the benefit of their clients, like the change of venue law passed by the last legislature to remove the cases against the bankrupt firm of Meredith & Altman, whereby a great number of poor depositors have been swindled out of their just dues. Fountain helped to pass this law and the voters and especially those injured by its passage should remember him when they deposit their ballots.

John R. Adair, a pioneer, a gentleman and a workingman, is especially recommended for your consideration. He is a bonafide resident of New Mexico, has always lived within his income, has always paid every debt obligation, is competent to fill the position, and should receive the support of every honest man, whether Democrat or Republican. Can as much be said of his opponent? He also has been a resident of this county for a number of years, but what is his record? Has he paid his honest debts? Has he lived within his income? Ask some of his victims for an answer. He is not a resident of this county—had his trunk packed to leave the country unless he got the nomination which the Republicans gave him. Taxpayers of Grant county—do you want to place yourselves in the power of an irresponsible tramp? Do you want to go at your own expense before the board of county commissioners to have your taxes adjusted?

By voting for John R. Adair against Sam McAdams you can depend that you are voting for a gentleman who will treat you fairly, and that you will not be put to any inconvenience to have justice done.

By voting for Judge Cornelius Bennett for county commissioner against Angus Campbell you are voting for an honest man—one who will protect the interests of all the people. By voting for Campbell you approve of business methods both private and public that have done this territory more harm than all the Indian raids combined. By voting for Bennett against Campbell you show outside people that honesty in dealings with your fellowmen is appreciated, and that dishonesty and chicanery do not meet with support in Grant county.

LOCAL AND TERRITORIAL.

Long Journey.  
From Silver City to Kansas City the distance via Santa Fe Route is 1167, miles to Chicago 1655 miles, and to St. Louis 1103 miles.

These may seem long distances. If one had to travel the backroad or stage route, it might look like a big undertaking to go that distance; but the superb service on the Santa Fe line makes the journey a pleasure.

G. T. Nicholson, G. P. & T. A. Topeka, Kansas.

Last Saturday, train No. 3, going south, had as a passenger an old gentleman, aged about 70 years, named H. Judson, of Connecticut, Ohio. When near Hoehne Mr. Judson was on the platform of the car and was thrown off the train by a lurch of the cars in rounding a curve. Shortly after he was picked up by a work train and died a few minutes later. (Haton Range.)

FOR SALE CHEAP—Slide-bar top buggy, good as new, with pole and shafts.

PROV. HAYES.

The lot for the new incandescent light station has been staked out and the work of hauling rock for the foundation was begun yesterday. The station will be on the east side of the railroad tracks, at the foot of Gold avenue. (Alb. Dem.)

100 Ladies cloaks

Different styles and colors, just received at Lindauer, Wormser & Co.

It never rains but it pours, especially in New Mexico. Strikes, rich strikes, are the order of the day in the vicinity of Hillborough. The latest is a strike of magnitude and richness in the face of the lower tunnel on the Good Hope-Bonanza mine in that camp. The largest and richest ore body ever in sight on that mine is now to be seen. (Kingston Herald.)

Why will you cough when Shiloh's Cure will give immediate relief. Price 10 cts. 50 cts. and \$1. At Elite Pharmacy.

The Peoria Valley Railway company has filed important papers at the county clerk's office in Las Vegas. This line is projected to begin at a point in the new county of Eddy and extend by the most feasible route, west of the Pecos river, in a general northerly direction, through the counties of Eddy, Chavez, San Miguel or Lincoln, Valencia or Bernabille, to a point of connection with the Atchison, Topeka & Santa Fe road, at or near Albuquerque, or at such other point of railway connection in this territory as the directors may determine upon.

Socorro has two national banks in prospect. J. S. Sullivan and others have filed an application for a charter, and S. M. Folsom and others will also make an application. (Advertiser.)

Last Monday evening, Mr. William Nick and his 16 year old daughter, of John's mesa, were returning home from Folsom. The daughter was driving one team and the father another. The daughter was in front and was overtaken by a blizzard. She lost the road and her father managed to get home and found his daughter had not arrived. The blizzard evidently continued through the night and but little headway could be made in searching for the young lady. She was found dead Tuesday, about twenty miles east of here, frozen to death. She had managed to unhitch the horses and turn them loose before she became exhausted. (Haton Range.)

The yard crews of the A. T. & A. P. and the A. & P. roads are on a strike at Albuquerque.

Inquire about Rand McNally's Atlas of the World, at Lindauer, Wormser & Co.

There were four different umpires during the ball game on Sunday. Truly the umpire has a hard time. (Gallup Elk.)

Visit the Old Home.

If you have in mind a trip to the old homestead, and have decided to go via Chicago, remember that the Santa Fe Route runs three through trains between Kansas City and Chicago, two at night and one in the morning, so that it takes but little time, a little time can be spent at Kansas City without being obliged to wait 24 hours for the next train East.

G. T. Nicholson, G. P. & T. A. Santa Fe Route, Topeka, Kansas. J. J. Byrne, A. G. P. & T. A. Chicago.

A circular offering a reward of \$250 for information leading to the discovery of one H. L. Mabrey, of Dunham, Mo., dead or alive, has been received at this office. He is a practical printer, with editorial experience, and a lawyer by profession. (Optic.)

The Rand McNally new Standard Atlas of the World given away free of charge to all our customers.

For particulars enquire at our store.

Lindauer, Wormser & Co.

The party that is putting up the new (and additional one) copper wire for the Western Union Telegraph company, were in town the early part of this week. (Gallup Elk.)

Many old soldiers, who contracted chronic diarrhoea while in the service, have since been permanently cured of it by Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by J. P. Hyron, Druggist.

The cool weather of fall is steadily approaching. Heating stoves that were taken down and stored away in some dark corner or closet during the summer months, are now being brought out, blacked up and placed in position for winter.

"Hackmatack" a healing and fragrant perfume. Price 25 and 50 cents. At Elite Pharmacy.

W. A. Maxwell will soon begin the erection of a ware room 18x40 feet. It will be constructed of adobe, and will be adjoining the Palace Drugstore. (Gallup Elk.)

Get Rand McNally's Atlas of the World at Lindauer, Wormser & Co.

Charley Tamme is putting down a strip of blue grass seed between his sidewalk and the street roadway. This is a practice quite common in many of the eastern cities, and when it comes into general use in any part of a town, it has a very handsome effect. (Optic.)

For dyspepsia and liver complaint, you have ascertained guarantee on every bottle of Shiloh's Vializer. It never fails to cure. At Elite Pharmacy.

The public school of this city opened on Tuesday with some fifty scholars. Mr. W. H. Williams, of Williams, Ariz., is the teacher, and he came to Gallup highly recommended. The school is being taught in the M. E. church for the present. (Gallup Elk.)

Compound extract of Blackberry, a certain cure for diarrhoea, dysentery, summer complaints, etc. prepared and sold only at Elite Pharmacy.

The coal mines at Gallup which are in this county, and operated by Albuquerque companies, have a regular output of nearly a thousand tons per day, and coal is shipped from here all over the southwest territories and into Old Mexico and southern California. (Alb. Dem.)

A nasal injector free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. At Elite Pharmacy.

A committee of trauamen from the trauamen's convention, in session in Los Angeles, visited the yards of the Santa Fe and tested the Safford automatic draw bar. They were well pleased with the new bar, and pronounced it the best in use. The Santa Fe will soon adopt the new draw bar on all its freight trains.

Fine double office, in the business part of town. Ground floor, opening on the principal street. Rent reasonable. Apply at Elite Pharmacy.

The fact is becoming more apparent every day that large areas of grass land in New Mexico could be more profitably utilized for sheep raising than for cattle ranges. Many cattlemen are beginning to realize this, and it will not be surprising if before long the number of range cattle decreased, and that the sheep industry was widely extended. (Stock Grower.)

C. H. Dane & Co. have just received a large consignment of new patterns of carpets—Ingrains, tapestries and Brussels, and Smyrna rugs.

ORDENT, the finest preparation for cleaning and whitening the teeth, manufactured and sold only by the Elite Pharmacy, put up in 25 and 50 cent bottles.

Hon. M. Cooney was awarded a judgment of \$28,000 for debt against the Silver Hill Mining company of the Mogollons, during the present term of the Socorro county district court. The property of this company in the Mogollons is very valuable, but has been allowed to remain idle for the past five years. Unless the company comes forward and pays the judgment, Mr. Cooney will take possession of the property and renew work on it. (Silver City Herald.)

Shiloh's cure will immediately relieve croup, whooping cough, and bronchitis. At Elite Pharmacy.

The artists in the western part of Oklahoma are without supplies. Their wires and children are without clothing. There is much suffering and starvation will ensue unless aid is speedily supplied.

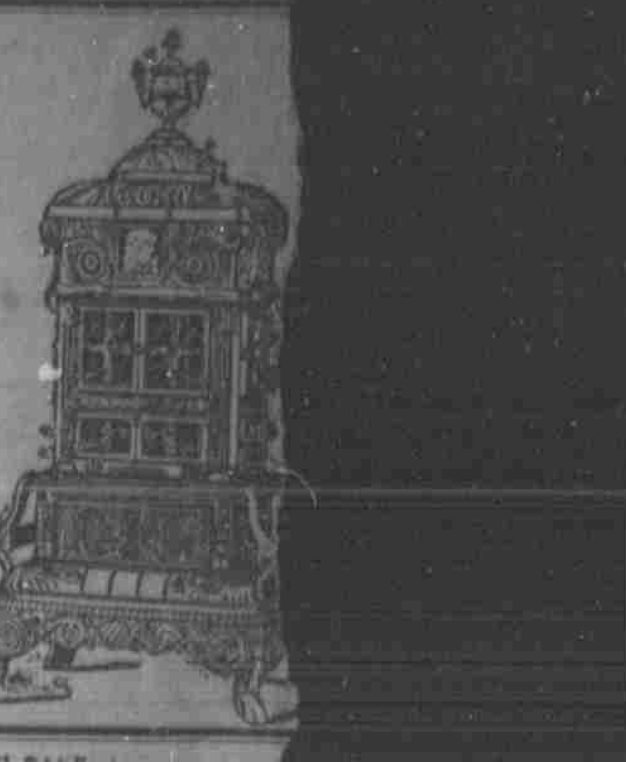

Shiloh's catarrh remedy—a positive cure for catarrh, diphtheria and cancer mouth. At Elite Pharmacy.

Articles of incorporation have been filed at San Diego, of the San Diego, Thoma & Guadalupe railroad, which provide for the building of a standard gauge railroad from San Diego Bay to the eastern boundary of California at or near Yuma, A. T. The capital is \$1,000,000.

For lams back there is nothing better than to saturate a flannel cloth with Chamberlain's Pain Balm and bind it on the affected parts. Try it and you will be supplied at the prompt relief it affords. The same treatment will cure rheumatism. For sale by J. P. Hyron, Druggist.

For some time past cheap stealing has been systematically carried on by a set of villains in this country. Recently they drove off about 200 of Jerome Troy's fine wool sheep, but they are being pursued and it is hoped the thieves will be caught and punished to the full extent of the law. The Troy brothers have made standing reward of \$400.00 for the apprehension and conviction of any one stealing sheep from their flocks. (Haton Range.)

The Rev. Geo. H. Tucker, of Houston, Ind., says: "Both myself and wife owe our lives to Shiloh's Consumption Cure." At Elite Pharmacy.

Traveling at Cheap Rates.  
Our local agents are always promptly advised of any excursions or cut rates.

If you contemplate a trip to points within or outside of New Mexico, it will pay you to write to nearest agent of Santa Fe Route for information about rates.

Pullman berths reserved, and baggage checked through. Everything done to get you started right.  
G. T. Nicholson G. P. & T. A. Topeka, Kansas.

The grand results in agriculture this season, in Colfax county, is attracting considerable attention and much favorable comment from farmers in the east. Next year the acreage tilled will be largely increased by new people who will locate here during the winter. (Haton Range.)

Are you made miserable by indigestion, constipation, dizziness, loss of appetite, yellow skin? Shiloh's Vializer is a positive cure. At Elite Pharmacy.

The Stock Grower says it has good grounds for the prediction that the next three years will show a much larger percentage of improvement in all directions in New Mexico than the last five have shown. The business, politics and people of the territory are now passing through a transition period which will bring about this favorable result.

That hacking cough can be so cured by Shiloh's Cure. We guarantee it. At Elite Pharmacy.

Next Tuesday a year ago occurred the great blizzard in northern New Mexico, southern Colorado, southern Kansas, the Panhandle of Texas and the Neutral Strip. It was the worst storm ever known in that region it passed over. Several hundred were frozen to death and others injured for life. The cold wave passed within about twenty miles of this place and was followed three days later by a remarkably heavy fall of snow. (Springer Stockman.)

An honest Swede tells his story in plain but unmistakable language for the benefit of the public. "One of my children took a severe cold and got the croup. I gave her a teaspoonful of Chamberlain's Cough Remedy, and in five minutes later I gave her one more. By this time she had to cough up the gathering in her throat. Then she went to sleep and slept good for fifteen minutes. Then she woke up and vomited then she went back to bed and slept good for the remainder of the night. She got the croup the second night and I gave her the same remedy with the same good results. I write this because I thought there might be some one in the same need and not know the true merits of this wonderful medicine." CHARLES A. THOMPSON, Des Moines, Iowa. 50-cent bottles for sale by J. P. Hyron, Druggist.
